ON PETITION

This is a decision on the petition under 37 CFR 1.137(b), filed September 1, 2006, to revive the above-identified application.

The petition is **GRANTED**.

The above-identified application became abandoned for failure to submit a proper response to the final office action mailed February 9, 2006, which set a shortened statutory period for reply of three (3) months. Accordingly, by operation of law, the above-identified application became abandoned on May 10, 2006.

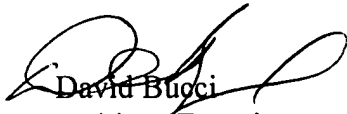

The petition satisfies the conditions for revival pursuant to the provisions of 37 CFR 1.137(b) in that (1) the reply in the form of a Notice of Appeal and Appeal Brief (2) the petition fee of \$1500; and (3) the required statement of unintentional delay have been received.

It is not apparent whether the person signing the statement of the unintentional delay was in a position to have firsthand knowledge of the facts and circumstances of the delay at issue. Nevertheless, such statement is being treated as having been made as the result of a reasonable inquiry into the facts and circumstances of such delay. See 37 CFR 10.18(b) and Changes to Patent Practice and Procedure; Final rule Notice, 62 Fed. Reg. 53131, 53178 (October 10, 1997), 1203 Off. Gaz. Pat. Office 63, 103 (October 21, 1997). In the event that such an inquiry has not been made, petitioner must make such an inquiry. If such inquiry results in the discovery that it is not correct that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant of 37 CFR 1.137(b) was unintentional, petitioner must notify the Office.

The file does not indicate a change of address has been submitted, although the address given on the petition differs from the address of record. If appropriate, a change of address should be filed in accordance with MPEP 601.03. A courtesy copy of this decision is being mailed to the address given on the petition; however, the office will mail all future correspondence solely to the address of record.

Telephone inquiries concerning this decision should be directed to Carl Friedman at (571) 272-6842.

The application file is being referred to the Board of Patent Appeals and Interferences.
